## David Yurman x Patrón Limited-Edition Añejo Dagger Bottle

# Stopper

By [Staff](#) / Published 12/12/13

Released in time for the Holiday 2013 season is this limited edition bottle stopper, designed by David Yurman recently and the Mode Design Group for Patrón Añejo. It's die-cast in zinc and electroplated with both gunmetal and 24k gold, while the hilt is adorned in intricately carved detailing inspired by 18th century samurai swords, reflecting Yurman's appreciation for unique and rare cultural artifacts. They're very limited, so get them while you can.
